

Total Office Bundle

CRITICAL INFORMATION SUMMARY INFORMATION ABOUT SERVICE

SERVICE DESCRIPTION

The Total Office Bundle combines a Commander Phone Essentials Desk Phone or Cordless Hosted Voice service with an Unlimited nbn™ Internet service. FTTP, FTTB, FTTN, FTTC, HFC or Fixed Wireless are available in nbn enabled areas. NBN availability can be checked using our Rollout Map

commander.com.au/support/internet-bundles/rollout-map.

MINIMUM CONTRACT TERM

24 Month

BUNDLING ARRANGEMENTS

By bundling 2 services you are charged a monthly bundled access fee of \$115 or (+ speed upgrade) \$140 . If you cancel or transfer away the Commander Phone Essential plan, you will still be charged the bundled rate. If you cancel or transfer away the NBN plan, a non bundled charge of \$39 will apply.

KEY DETAILS

Commander Phone plans provide your business with an Office Phone service delivered via your Internet connection, also known as VoIP or IP telephony, so you can make and receive phone calls. The Unlimited plan is an Internet service offered on our network or where our network is not available, using wholesale services supplied to us. In the event of a power outage, your Total Office Bundle services will not work unless you maintain a back-up battery. If you take up this service, you will not be able to move back to a copper service. This service may not be appropriate if you require an uninterrupted phone service with access to 000 emergency services. Priority Assistance is not available on this service.

Connection Tier refers to the type of nbn™ connection installed at the customer's premises. For more information about these tiers, please visit our website commander.com.au/support/internet-bundles/nbn-speeds-explained. For FTTB, FTTC & FTTN customers, until your service is connected we are unable to confirm your maximum attainable speed. If your line does not support your

chosen connection tier we will inform you and offer you alternative options.

STANDARD INSTALLATION REQUIREMENTS

You are required to install the handset(s) supplied with your Commander Phone service, including any associated cabling, network configuration and any routers and/or switches within your network to allow the Commander Phone service to work. Valet Install for your Commander Phone Service is available at an additional charge, for more information please speak to your Commander representative or call Customer Service on 132 777.

Standard installations are completed without charge to you. Non-standard, additional or subsequent installations including but not limited to NBN Professional Install or Valet Offerings may require you to pay additional charges. Any cabling that is required in your premises beyond the Network Boundary Point is your responsibility. If you're in a newly constructed building and not already connected to the nbn, nbn Co may charge you a once-off New Development charge of \$300 (inc GST).

HARDWARE

You will be supplied with an IP handset at no cost whilst your service is with Commander. Supporting Internet connectivity hardware is required to use this service. You may use your own modem or a Business Gateway can be provide. The Business Gateway is pre-configured, customer self-installed and includes instant activation with 4G Backup. 4G Backup provides an alternative Internet connection (max. speeds up to 12 Mbps) when your fixed Internet service has failed or is waiting to be activated (not available in all areas).

For more information: commander.com.au/support/internet-bundles/business-continuity. Please note that support is only available for Commander approved modems. For a list of approved modems, call Customer Service on 132 777. A 240 volt power supply is required.
