

Business One Voice PAYG

CRITICAL INFORMATION SUMMARY

SERVICE AND PRICE INFORMATION

The Business One Voice PAYG Plan is an NBN Business Line Plan available to new Commander customers only. NBN Business Line services are basic phone lines connected via the Internet, also known as VoIP or IP telephony. They are generally used to connect standard phones or devices such as EFTPOS machines or faxes. You can transfer your existing Office Phone service or activate a new service with Commander. NBN Business Line services are not available for resale or high-volume telemarketing. Commander is responsible in supplying these services to our customers and we have no other affiliation or relationship with our wholesalers outside of our wholesale agreements. Bundling is optional and equipment is generally required to access the service. In the event of a power outage, your Business One Commander Phone services will not work unless you maintain a back-up battery solution. This service has a 1-month minimum term applicable.

PRICING

NBN Business Line services require hardware to operate however some customers receive this hardware as part of their NBN Broadband service. Check the hardware section on the next page to determine if you will require hardware then check the hardware scenarios in the table below.

MINIMUM CONTRACT TERM

1 Month

OTHER INFORMATION

BUNDLING ARRANGEMENTS & DISCOUNTS

The Business One Voice Plan can be bundled with a Business One Broadband Plan to receive a bundle discount. You are eligible for a Business One Voice Plan or a Business One Commander Phone Plan for \$0 for every Business One Broadband Plan you keep active. This is delivered via a bundle discount on your Business One Voice or Commander Phone plan. Only one discount applies per Business One Broadband Plan.

If you cancel your Business One Broadband plan, transfer it away or change it to a different NBN plan, you will lose the discount and start paying the full price for the Business One Voice plan.

KEY DETAILS

Your NBN Business Line service Monthly Access Fee includes line rental. Calls are charged on a pay as you go (PAYG) basis. Call types not listed, as well as optional Value-added services and any equipment required to operate your service are charge in addition to your Monthly Access Fee.

This service is not appropriate if you require an uninterrupted phone service with access to 000 emergency services and will not function in the event of a power failure.

Commander does not offer Priority Assistance.

USAGE INFORMATION

For information about current usage levels log into ‘My Account’ at <https://www.takecommand.com.au/#/login/>

PAYMENT OPTIONS

Payment by Direct Debit from a bank account does not incur additional fees or charges. Additional charges apply for other payment methods. For details, see your invoice, our Schedule of Fees & Charges on our website [commander.com.au/customer-terms](https://www.commander.com.au/customer-terms), or contact us on 132 777.

STANDARD INSTALLATION REQUIREMENTS

You are required to install any equipment (such as ATAs or Commander Business Modems) that you purchase with your Commander services. You are also responsible for any associated cabling, network configuration and any routers and/or switches within your network to allow the services to work.

HARDWARE

An Internet connection and supporting connectivity hardware is required to use this service. If you’re a Commander NBN Broadband customer then your Commander Business Modem has ports for 1 NBN Business Lines. If you require extra ports, or you are using any other internet service, you will require a Analogue Telephone Adapter. Charges for hardware are included in the table on page 1.

If you use this service in conjunction with the Commander Business Modem hardware and a Commander Internet service on the same account, our 4G Backup feature is enabled free of charge. 4G Backup enables you to make and receive calls over the mobile network, in the event of a service interruption or network outage on your primary Commander Internet service. For more information: [commander.com.au/phone/business-continuity](https://www.commander.com.au/phone/business-continuity)

SERVICE AVAILABILITY

This plan is only available to new Commander customers, or previous customers who have no active services on their account at the time of application. Service may not be available to all areas, premises or customers. If we are unable to connect all your services, we will attempt to contact you to discuss further options first or, if we can’t contact you after making reasonable attempts, we will cancel your order.

You must inform us if the service is intended to be used in conjunction with a disability or medical service, back to base alarm or is intended to carry data services such as Fax, EFTPOS or HiCaps. These services may not be supported or may require an alternative service or additional equipment.

Calls to some International destinations are blocked by default due to high risk of fraud. You may arrange with Commander to unblock these destinations, upon accepting full responsibility for payment for any calls from your service makes to these destinations.
